Product Name: DynaRide Series 1 Wheelchairs

Short Description

The DynaRide Series 1 Wheelchair is a sturdy, steel-frame wheelchair that combines configurability and ease-of-use with increased mobility. Complete with padded armrests, push-to-lock brakes, tool-free adjustable footrests and solid rubber wheels, the DynaRide is perfect for at-home, hospital and long-term care facility use.

Long Description

The DynaRide Series 1 Wheelchair combines durability and ease-of-use with the most desirable amenities. Comfort features include tool-free adjustable swing-away footrests, push-to-lock brakes, and padded upholstery and armrests. Durability features include a steel-framed design, precision-sealed bearings and 24” solid rubber wheels with composite hand rims. The DynaRide Series 1 can be ordered with fixed arms or detachable desk arms for increased comfort when using a desk.

Bullets

- Powder-coated, steel frame in silver vein-finish
- Tool-free, adjustable swing-away footrests
- Padded upholstery and armrests
- Solid rubber wheels and locking brakes
- Precision sealed bearings
- Folding design for increased portability

ECom Short

The DynaRide Series 1 Wheelchair redefines form and function with many desirable features such as padded armrests, padded upholstery and 24” solid rubber wheels for ease-of-use and comfort. Easily-foldable, the DynaRide Series 1 Wheelchair provides you with effortless operation in a sturdy and durable design.

ECom Long

The DynaRide Series 1 Wheelchair has all the features you would expect in a medical-grade device: reliability, safety and comfort. With a powder-coated steel frame and precision bearings, you can rely on years of maintenance-free operation, all without sacrificing comfort.

With padded upholstery, padded armrests and 24” diameter solid rubber wheels, your ride will be smooth and effortless. And of course, your safety is of the utmost importance. With push-to-lock brakes and tool-free adjustable swing-away footrests, you will always feel safe and secure.

ECom Bullets

- **Comfort and Reliability** – Durable, powder-coated steel frame with padded upholstery and armrests. 24” solid rubber wheels and swing-away footrests provide stability and ease-of-use.
- **Portable and Convenient** - Foldable for easy transport, the DynaRide Series 1 can be ordered with fixed arms or detachable desk arms for added comfort when using a desk.
- **Precision-made and Safe** – Sealed wheel and caster bearings provide smooth and reliable operation while push-to-lock brakes keep you safe and secure when stationary.
- **Maneuverability** - With 24” diameter wheel and composite handgrips, you can maneuver more easily using less energy.
- **Strong** - Supports individuals up to 300 lbs.
